

The logo consists of the word "Engage" in white, bold, sans-serif font, enclosed within a dark teal rounded rectangle. The background of the entire slide is a light yellow-green color with large, flowing, organic shapes in various shades of green and yellow, creating a modern and vibrant aesthetic.

Engage

Teacher Conference

Unlock inclusive STEM: a teacher panel on supporting young people with SEND

Hear how other teachers from both mainstream and special schools ensure their science teaching, including practical science, is inclusive for young people with SEND.

Engage Teacher Conference

Engage

Welcome, please be aware:

- Talks are recorded.
- This is an interactive session, please ask questions and share your thoughts throughout. This can be spoken or via a message in the chat.

Teacher recommended resources

Engage

[Education Endowment Fund: 'Five-a-day' to improve SEND outcomes.](#)

AI tools can be used to provide sentence starters, suggest key misconceptions and support to avoid these, re-write text in simpler language and more.

Primary Science Teaching Trust resources such as [Playground Science](#) and [Science in my Pocket](#).

[CLEAPSS](#) has great practicals especially if there are behaviour issues.

[ASE Inclusion in Science group](#)

[British Science Week Activity packs](#), plus article on [how to adapt resources for SEND learners](#).

[CREST activities](#) which can be used by any age, including [accessible Bronze project](#).

[Read&Write for Google Chrome](#), text to speech, images, definitions and more to support reading if you have chrome books.

[Neon](#) have great opportunities, especially as working with SEND can be very isolating.
